At Easterseals Green Tree Child Development Center, we provide high quality care and education for children ages 6 weeks to 5 years old. We are an inclusive center that supports the needs of children of all abilities through a developmentally appropriate curriculum that focuses on the needs of the individual child. We use a Creative Curriculum approach that encourages children to learn through play, promotes strong social skills, and develops a foundation for a lifelong love of learning.

Green Tree is a small center with a big community of devoted teachers and involved families. We would love to have your family join ours, so please call to schedule a tour and discover what Easterseals Green Tree Child Development Center is all about.
